

This is the script for the Convincer with the person hanging up on the magician. The crucial interactions take place at a time code that is easy to remember. The most important responses from The Stranger have been indicated below by displaying the time code in bold. In these cases, you want to be sure to finish what you are saying before The Stranger responds so the conversation makes logical sense. When the time code is not bold, it's okay for The Stranger to cut you off and for you both to talk over each other when interacting with the recording (this is the way conversations happen in real life).

Pro-Tip: Use the timer on the phone calling screen to help you know where you are in the script.
